Granit X-Plus 54

EaZy KF Bracket

TexKF Twin Bracket

USH Bracket

Operation and use

- Very good protection at high theft risk
- Recommended for securing high quality bicycles
- The longer the shackle, the easier the bicycle can be locked to a fixed object

Technology and features

- 13 mm square parabolic shackle (patented)
- Double bolted shackle in the lock body
- ABUS power cell technology (patented) offers highest protection against hitting and pulling attacks
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel
- ABUS X-Plus cylinder for highest protection against manipulations, e.g. picking
- Two keys are supplied with the lock, one LED-lighted
- Automatic keyhole cover against dirt and corrosion
- ABUS Code Card for additional or replacement key

Holder and transportation

- EaZy KF - holder with comfortable one hand operation for easy mounting on round frames with a diameter of 28 - 36 mm
- TexKF Twin - holder with textile tape, especially for non-round frame profile with a diameter of 21-80 mm
- USH - holder with easy mounting on round frames, with a diameter of 15-35 mm

Tip

- This lock can be ordered keyed alike to other locks. This means several locks would match one key, respectively key code

Granit Futura 64

TexKF Mini Bracket

Operation and use

- Very good protection at high theft risk
- Recommended for securing high quality bicycles
- The longer the shackle, the easier the bicycle can be locked to a fixed object

Technology and features

- 11 mm round shackle
- Shackle double bolted in the lock body
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel
- Very intensive use of special weight-optimized alloy and light material
- ABUS Plus cylinder for high protection against manipulations, e.g. picking
- Two keys are supplied with the lock, one LED-lighted
- ABUS Code Card for additional or replacement key

Holder and transportation

- TexKF Mini - holder with textile tape, especially suitable for non-round frame profile with a diameter of 21-80 mm

Tip

- This lock can be ordered keyed alike to other locks. This means several locks would match one key, respectively key code
